Upon arrival in **Seoul**, start your sightseeing tour at majestic **Gyeongbok Palace**, built in 1395 and was the largest palace during the Joseon dynasty. Roam its stately grounds, delve into its storied past and imagine what it might have been like centuries ago. Next, drive past **Cheong Wa Dae**, the Korean president's residence. Thereafter, proceed for a **Korean culinary lesson** and enjoy a **DIY seafood pancake session**. Here, gain insights into the tricks and tips for making the perfect Korean pancake. Later, head to bustling **Dongdaemun Market** for some serious shopping. Dotted with stalls offering the latest fashion togs and accessories, this is the spot for assembling that Korean-style ensemble that you have always coveted. Later, transfer to the airport for your domestic flight to **Jeju**. This volcanic island is Korea's largest and draws both international and domestic travellers alike. With its mild weather, plethora of spellbinding natural sights and relaxed vibe, it is not difficult to see why.

Navigate the wondrous facets of bustling Seoul and beautiful Jeju on this trip, with attractions and activities that run the spectrum from ancient architectural sights to modern-day theme parks and culinary immersions, interspersed with style-fuelled shopping sessions. Add to the mix waterfalls, cliffs, geological volcanic formations and other natural features, and what ensues is a brimful of good memories to take home.

### Jeju

(Korean Minced Abalone Porridge Breakfast/ Black Pork Bulgogi Lunch/Clay Pot Abalone Soup With Korean Pancake Dinner)  
Start your adventure in Jeju with a visit to **Seongsan Ilchulbong Peak**, a UNESCO World Heritage Site. Formed more than 100,000 years ago, this peak features a crater surrounded by sharp, jagged rocks – the crowning glory, if you will. Later, hold on tight and surrender to the thrills of an **all-terrain vehicle ride**. Then, giddy up and proceed for a **horse-riding experience**. Next, proceed to **Maze Land**, the world's longest stone maze park. Not just a fun activity for you and your friends, the maze is also good for your health, as the stone and wood surrounding the maze emits high levels of far infrared radiation and a large volume of phytoncides. The park, with its variety of trees which are several decades old, is the perfect place for what Koreans term as forest bathing, in which people surround themselves with nature (particularly trees) to soak in all their natural benefits. Wrap up the day with a visit to **Manjanggul Cave**, another must-visit UNESCO World Heritage Site. It is one of the finest lava tunnels in the world with a variety of interesting structures such as lava stalagmites, stalactites and tube tunnels. Later, visit **Top-dong underground street** to browse and shop for unique mementos.

## Day 4

### Jeju

(Dumpling Soup Breakfast/ Seafood Steamboat Lunch/ Korean Abalone Ginseng Chicken Soup Dinner)  
This morning, explore beautiful **Cheonjiyeon Falls**, one of the 3 most famous waterfalls in Jeju. Later, visit magnificent **Jusangjeolli Cliff**, which was formed when the lava from Hallasan erupted into the sea of Jungmun. Thereafter, head for the newly opened **PLAY K-POP music experience**, where a K-pop hologram performance hall invites you to a world of Hallyu fantasy. Next, proceed to **O'sulloc Museum** where you will get to learn about Korea's traditional tea culture and enjoy views of the nearby green tea fields. After which, enjoy the museum's **green tea ice cream**, said to be the best in Jeju. Thereafter, proceed to **Sumokwon Theme Park**, an indoor theme park that houses the popular Ice Museum. View mesmerising ice sculptures that have been artfully crafted by Japanese artisans and visit the illusion art gallery. If being surrounded by ice, albeit beautifully sculpted ones, have got you feeling a little cold, you will be glad to know that a stomach-warming restorative **Korean abalone ginseng chicken soup dinner** awaits. After dinner, enjoy a magical art performance, **"The Painters: HERO"** which suggests a new type of performance, creating works of art on stage with dynamic 3D video display, dance and comedy.
